

PaTH Network
patient empowered research

University of Pittsburgh

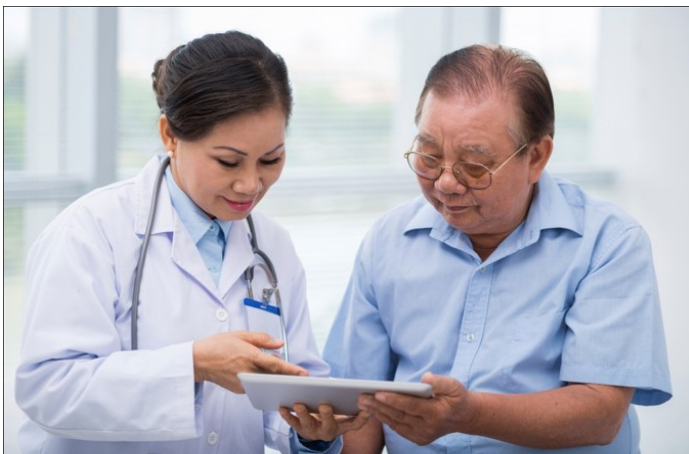

UPMC

MyPaTH **Story Booth**

**Do you have a story
about...?**

- Maintaining your health during the Coronavirus Pandemic?
- Being ill with Coronavirus?
- Caring for a loved one who is ill?

**We'd love to hear your point of
view.**

The PaTH Clinical Data Research Network is conducting a research study and wants to know about patients' experiences with health and illness. By sharing these stories with researchers, we hope to focus research on topics that are of importance to patients and likely to improve health and health care. Using MyPaTH Story Booth, patients can record a conversation to share with researchers.

How: Share your story by phone

Who: If you are 18 years or older and able to read and understand English you may be eligible

Phone: 412-647-2697
